

ERAZMUS POLICY STATEMENT

ERUDIO VOCATIONAL COLLEGE is committed to the principles of the programme, intending to achieve the objectives of the EU modernization and internationalization agenda in higher vocational education by participating in the following activities:

1. Student and staff mobility /with EU and- or from Third Countries/
2. Strategic partnerships and knowledge alliances with neighboring countries, capacity building with Third Countries
3. Policy support measures

The Strategic Plan of Vocational College includes the following strategic goals that are closely connected with the policy of internationalization, with the particular emphasis on student and staff mobility.

1. Student' satisfaction: Since every year we have younger generation of students, we would like to offer them an opportunity to improve their professional, social, intercultural and linguistic competences and inevitably connected their employment opportunities.
2. Business excellence: providing mobility to the ERUDIO VOCATIONAL COLLEGE support staff, significantly contributes to their experiences being able to learn from good practices of other EU and non EU institutions of HVE.
3. Professional excellence: lecturers staff mobility in terms of teaching methods, new discoveries, etc, building partnerships and networks with EU and non-EU institutions is important for quality study process.
4. Employees' satisfaction: the possibility of staff mobility significantly contributes not only to their competences, social and cultural capital, but also to their work satisfaction – both for lecturers and support staff, it is an important element of professional development.
5. Cooperation with the societal environment and social responsibility

Based on these strategic orientations , ERUDIO VOCATIONAL COLLEGE strategy priorities are the following:

ERUDIO VOCATIONAL COLLEGE is one of the biggest private HVE schools in Slovenia. We offer wide range of different educational programs and have been present in the HVE field since

1993. Since the mission of ERUDIO COLLEGE is also to provide quality education and training for part-time students, with the emphasis on development of new pedagogic and andragogic approaches in the field of online study we would like to make partnerships with HVE schools offering online study programmes as well. One of the important components of our mission is are also quality lecturers, who are experts in their field of professions. Therefore, we would like to offer them an international exchange experience in order to become even better and use modern andragogic approaches as well. The Vision of ERUDIO COLLEGE is to be a modern college that actively uses information and communication technologies., therefore we would be willing to collaborate with ICT developed vocational school. Since we put personal relationship with our students on the highest place, we would like to share those experiences with similar colleges as well.
